

Graduates with a Double Degree from the International Master programme in Physics of Complex Systems (Trieste, Torino, Parigi), who enrol into the Master programme in Nanotech for ICTs (national track) at Politecnico di Torino, can get the corresponding degree with a shortened path. For linguistic requirements please check Politecnico di Torino student's guide at <http://didattica.polito.it>

Credits to be taken (total 54)

Code	Course	Credits
01NOSOQ	Electronic properties of materials	6
01NYCPE	Physics of technological processes for Micro & Nano Systems and Micro & Nano systems	12
01NVOPE	CAD of semiconductor devices and processes	6
01NPOPE	Micro and nanotechnologies applied to biomedicine, environment and energy	12
	Internship	18
